

Woodies Kids PRAYER WEEK

SUNDAY @ CHURCH

Imaginative prayer is about connecting together as a family and connecting kids to God in their life. It is an experience to help us all connect to God's love for us in a creative way!

MONDAY

Pray for others by praying the cross. Items needed: paint/markers and paper. Ask the Holy Spirit to bring people to mind. Each time make a finger print and pray for them. Ask Jesus to help them know what his sacrifice on the cross meant for them personally.

FRIDAY

Make your own prayer shakers. Items needed: water bottle, water, glitter. Once bottle is made, shake it up. Sit it down. Spend the time it takes for glitter to settle talking with God, or talking about prayer with your family, or praying together.

TUESDAY

Family prayer: find yarn and make each family member out of yarn. As you are making yourself, pray for God's love more this year. After each person is made, you can pass each person around and say a prayer for the person you are holding.

SATURDAY

Send a prayer/encouragement via snail mail, email, text, or social media platforms. Ask the Holy Spirit to bring someone to mind. Pray for them and send them a note saying they have been prayed for or send them a written prayer for them specifically! Be as creative as you want to be!

WEDNESDAY

As a family go outside (in the woods) and collect sticks. In scripture, the people of God would build monuments to remember what God has done. Take your stick and build a church. With each stick pray for a staff member and the church to proclaim its mission.

SUNDAY

Sabbath prayer walk. Pick your favorite place to walk as a family. Take that time to walk and pray. Look at all of God's creation and proclaim his goodness. Take a journal with you and let your children draw God's creation and say "it is good!"

THURSDAY

If you have a world map, globe, or any map let's pray this day for a specific part of the world. Search the world and ask the Holy Spirit to show you a part of the world you can pray for together. Touch that part of the world and pray. Added bonus is to create a meal based on that part of the world and pray at meal time!
